Jack Austin
Junior

Although Jack was troubled by his bad knee, his determination and all-around ability made him one of the best players on the team. He is very hard to stop because of his drive-in shot which he combines with an accurate jump shot from outside

Jerry Bohner
Senior

Jerry played guard position this year. He is an excellent ball handler and has the best two-handed set shot on the team. He will be hard to replace next year

Wolt Burkhardt
Senior

Walt used his height and weight to much advantage as he grabbed many rebounds. He comes through in the clutch and delivers points where they are needed most. Next year, the forward position which Walt fills, will be very hard to replace

Chaz Cagle
Junior

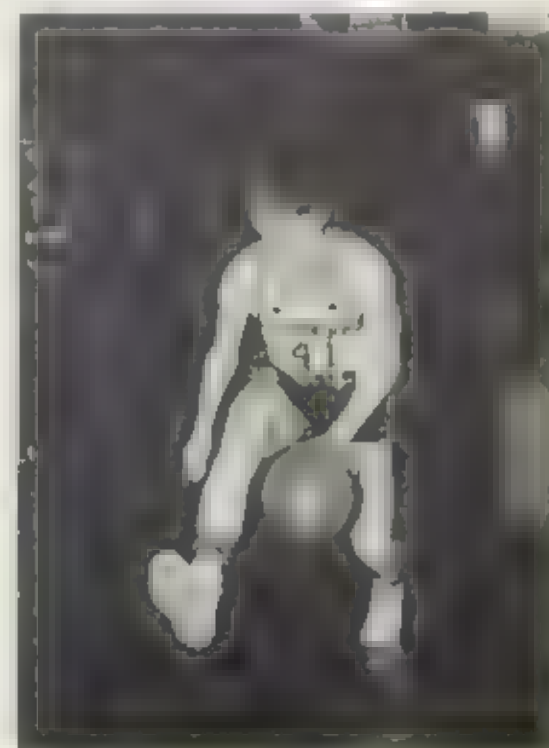

A center, standing 6' 2", the tallest man on the team, this year developed his shots and tip-ins to perfection. He scored often and captured many rebounds. Chaz will be playing basketball again next year

Dave Eckman
Junior

Dave played the position of forward on the team. His height, 5' 10" aided his development of the jump shot. The team will see Dave playing again next year

Neil Ford
Junior

This year, Neil proved his able ball handling and passing. He played defense and backed many valuable plays. He will be a valuable asset to next year's team

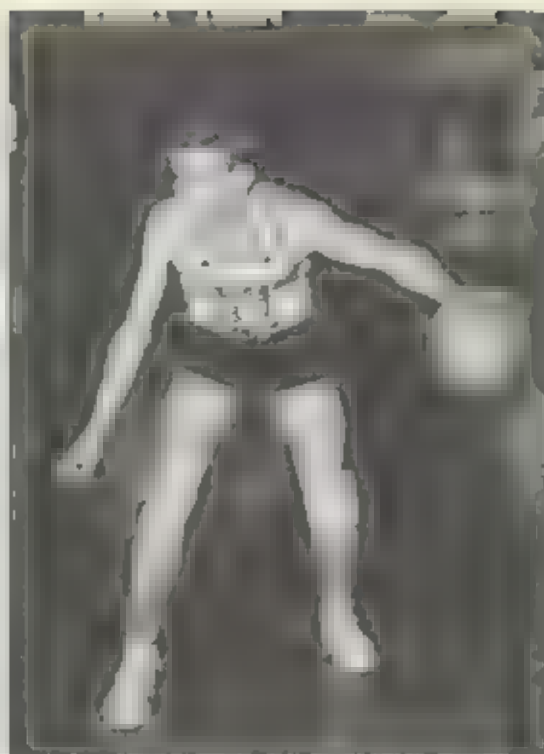

Eugene Melchert

Junior

Eugene was one of the juniors who alternated between the reserves and varsity this year. He has drive and determination and we expect to hear a lot of V.E. in 1957.

Daniel Piott

Senior

Dan is P-burg's most aggressive and determined player. Hampered by a knee injury, Dan still was on the first team and added many points to our score. Dan was elected Basketball King and is one of the three seniors graduating from the team.

Tony Sanders

Junior

Playing guard, Tony's one hand set shot and jump shot came when they were needed most. Along with his scrappy playing and excellent passing he often took the role of playmaker. He will be one of our most valuable players next year and will be expected to play his best.

Frank Sattler

Junior

Frank, who played forward, was one of the ten juniors on the varsity this year. He has a good jump shot that he often puts to good use. When Frank is in the game, he can be counted on to do his best, both on defense and offense. He will be a great help to us next year.

Harold Stanford

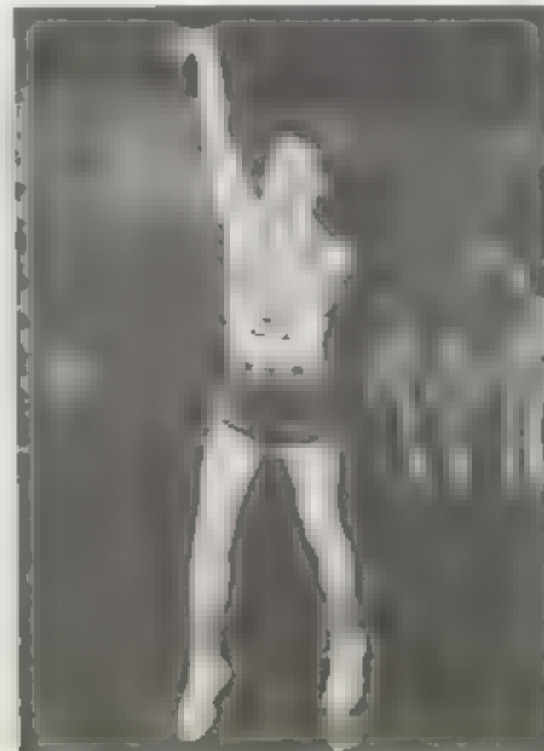

Junior

Playing guard, Harold was another one of the juniors who alternated between the reserves and varsity. Whenever he was in the game he could be expected to do his best. He is a good shot from around the key but prefers the role of playmaker.

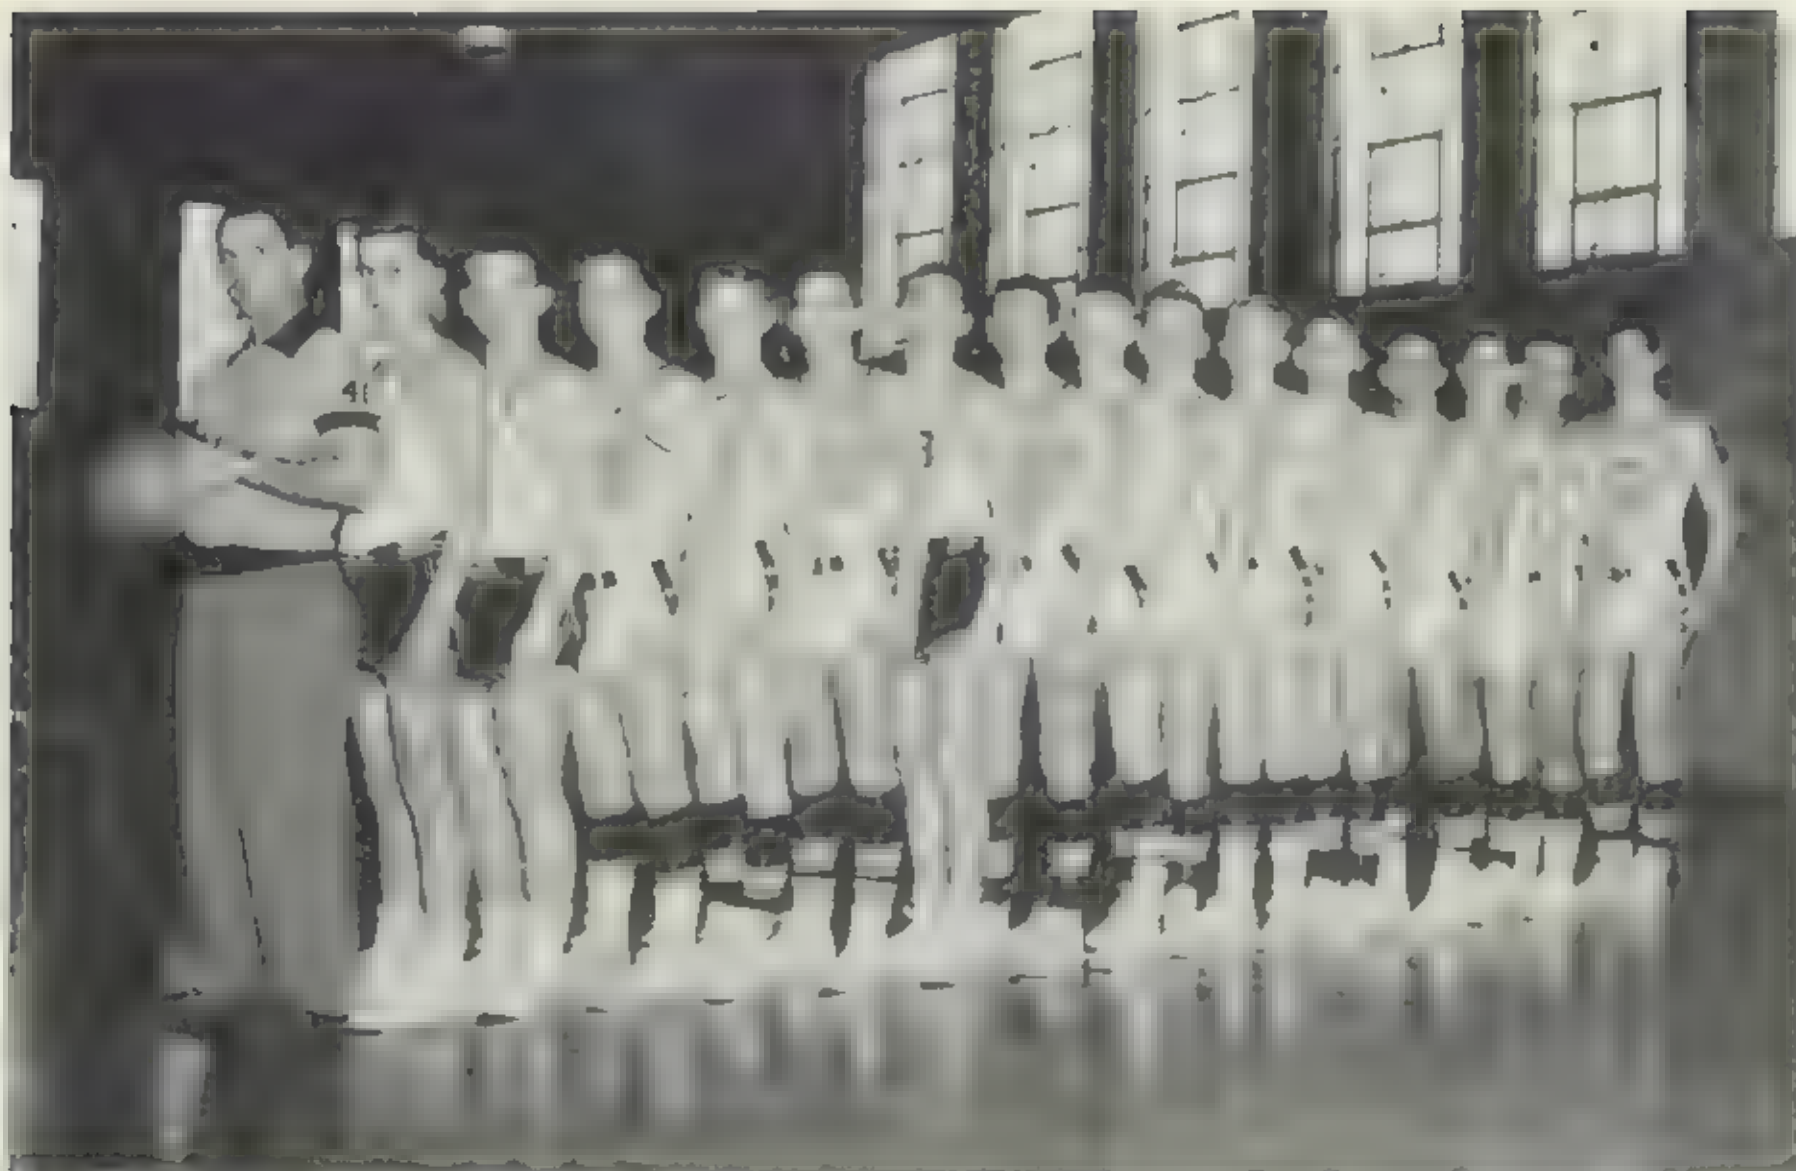

Bob Trowbridge

Junior

Bob is a fine shot and uses his rebounding ability to his advantage. A forward, he was one of the team's top point makers and got his share of rebounds, too. We will be counting on Bob next year.

Reserve Basketball Team

This year's reserve team marked up a 4-12 record and showed much de-
 termination in their playing. Many of the players from this team will con-
 tribute their ability to next year's varsity team

SENIORS

Class of 1956

We as Seniors on the threshold of our futures, remember our days spent in Perrysburg High School. Some of these memories stand clear in our minds, while the others, small, but important at the time, have faded away.

One morning, early in September, we stood, for the first time united as a class, which would be going through the next four years together. President Tom Morrison, Vice-President Joan Mullen, Secretary Charles Waldo, and Treasurer Gloria Stanley, with the advice of our sponsors, planned a square dance in the fall, a convocation in honor of Abraham Lincoln, and a picnic at Fort Meigs'.

Ray Laubenthal, led our class through our sophomore year, along with Vice-President Don Ferguson, Secretary Geraldine Bernard, and Treasurer Lorna Shufeldt. We had a talent show, a dance called the "Shillelegh Shuffle," and a picnic at Fort Meigs'.

As we neared the top, our sponsors, President Lowell Jacobs, Vice-President Dick

Goeke, Secretary Frances Magrum, and Treasurer Barbara Stanford, put on a dance called "November Nonsense," a picnic at Otsego, and a farewell convocation for the Seniors. We also helped to sponsor the Senior Prom.

In the fall of '55 we Seniors entered Perrysburg High School for our last year. Besides planning the usual class activities, we were all planning for the future, our future. Mr. Taylor, Miss Munger, and Mr. Munger gave us wise counsel in choosing our vocations. Our last class picnic at Otsego, the Bugg Womp Convention, the Christmas Dance, and our successful ham dinner proved to everyone our ability to work together. President Ray Laubenthal, Vice-President Joan Mullen, Secretary Sharon Rupp, and Treasurer Kathy Holkovic were the busiest of all, planning and working on our class trip to Washington. The Junior Class gave us our Senior Prom at the end of May. Yes, this was our year, full of both joy and sorrow, a year to be long remembered by all of us.

The sophomore class under the supervision of Mr. Braund, Mr. Jones and Miss Reutlinger held a Fish Dinner on November 11, 1955. This was held to help them pay for their trip to New York on April 10.

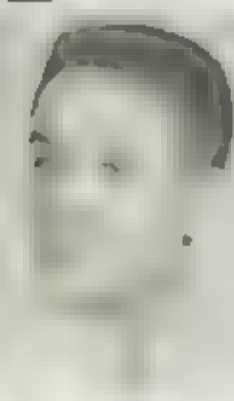

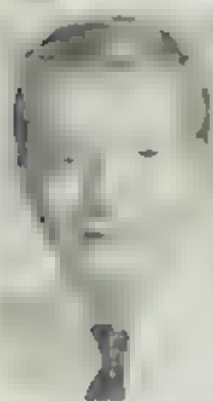

The sophomore class has decided for the first time to have a traditional class ring. Because of this decision the sophomores will receive their class ring in the spring instead of in their junior year. Congratulations sophomores for an excellent idea.

The "Good Old Days!"

Classroom with Daylight Walls at Perrysburg Elementary School

You've heard folks say, "Take me back to the good old days"! Well, if they're referring to the horse and buggy and kerosene lamps — they can have those days. If they're thinking of taffy-pulling parties and two-bit haircuts—they may have something worth talking about.

But when it comes to the advantages of our modern school architecture, we know that many of today's buildings are tops!

You see, more and more school boards are paying careful attention to daylight and view — with clear glass in classrooms from sill to ceiling. Taxpayers like Daylight Walls, too. They are economical to build and to maintain. And when windows are of **Thermopane** insulating glass heating costs are lowered and rooms are quieter.

Tuf-flex tempered glass is used on school elevations next to playgrounds and in gymnasium windows. It is heat strengthened to withstand three to five times more impact than regular plate glass of the same thickness.

When reflecting upon the many advantages of this glass age we live in, we think you'll agree that the good new days are better!

Dear Gini

I suppose I should start off with Best of luck or something original? like that, but I won't. Ha-Ha. I guess I'm all talked out from this year but I guess I can think of something clever + witty (no conceit) - Out of words but not out of space so I'll say that I hope we have as much fun next year as we have had this year. Lots of luck.
